6TH Grade Virtual Learning Schedule

Students will have three periods (classes) per day. They will attend periods 1,2 and 3 for a two-week rotation. Then they will attend periods 5,6 and 7 for a two-week rotation. This cycle will continue throughout the time that we are attending virtually. Period 4 is a homeroom class meeting and students will attend every Tuesday, Wednesday and Friday.

- Student day: 8:00 AM- 2:20.
- PE will be all online with teacher available for questions, help and feedback. In order to receive credit for the PE students will need to access the video lessons and complete the assignments.
- Independent work time is scheduled for meeting with teachers, doing homework and collaborating with peers.
- Scheduled classes will be a combination between in person meetings and video instruction. Students **will not** be expected to be online for the complete 90 minutes. The teachers will be available for questions and meetings during the scheduled period time. Students are expected to attend the live zoom meetings, watch the video lessons and do the classroom work.
- Teachers will be taking attendance and grading assignments
